Subject: Notice of File Closure and Release of Reclamation Surety, Levin Stone, Levin Stone 4 Mine, S/027/0086, Millard County, Utah

Dear Mr. Falls:

The Utah Division of Oil, Gas and Mining concurs with the findings of the Bureau of Land Management that the reclamation surety for the referenced mine site can be fully released.

The Notice of Intention to Commence Small Mining Operations, S/027/0086, will now be closed and the file retired. The BLM inspected the site on October 9, 2009, and concluded that reclamation was satisfactory. A portion of the site is considered a community pit (UTU 78274).

You are hereby released by the Division from further reclamation responsibilities at this site. If you wish to conduct any future mining or exploration activity in this area, you will need to submit new notices to the Division and other appropriate agency(ies), and provide reclamation surety prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at 801-538-5261 or Tom Munson at 801-538-5321.

Sincerely,

Paul B. Baker
Minerals Program Manager
